Profile

Project coordinator with ten years of experience keeping plans, people and deliveries on track across travel, textiles, construction and IT infrastructure. I currently coordinate AI infrastructure and digital transformation projects at General Resources, part of Taiwan's MiTAC Information Technology group, where I am the link between Taiwanese partners, customers, engineers and logistics teams. I keep a 100% on-time, in-full record on the project orders I coordinate, follow up on risks early and report clearly. I work in English and Chinese.

Experience
